Total projected Expenses: \$ _____

Total projected Revenue: \$ _____

Prepare a budget for each project using the template provided. Note the eligible and ineligible project expenses listed below.

Eligible Expenses:

The Depot Foundation considers the following as eligible expenses:

- Exhibit or performance fees
- costume/prop/set expenses
- maintaining or repairing exhibits
- artist stipends
- gallery supplies
- capital improvement projects (with prior approval from St. Louis County)
- equipment upgrades
- anything else that is not specifically listed in ineligible expenses

Projects/exhibits will be considered as long as they are applicable to one of the Depot Foundation's areas of arts and cultural interest including visual and performing arts, arts and culture educational programming, and historical and/or cultural preservation and interpretation. Projects must be at the Depot, open to the public, and align with the Depot Foundation's priority of programmatic activities, defined as artistic, cultural, literary, historic, and/or scientific activities which will attract visitors to the Depot building.

Ineligible Expenses:

- The Depot Foundation **DOES NOT** accept applications for funds in support of on-going general operating expenses, or salaries/bonuses (except salaries for guides whose primary function is to make exhibitions more informative and enjoyable to visitors). The Foundation does not fund political action programs or candidates, permanent endowments or interest-bearing accounts, or equipment purchases unless integral to proposed project.

Supporting Documents Checklist:

Completed and signed application by the organization's current director(s).

Project Budget –For each project, please provide a separate budget for each project. We have provided a budget template with room for six separate projects. Please copy if you need additional room.

If the project is a collaboration, a letter of support from collaborating organization(s).

Please limit any additional supporting documents to under 25 pages.

Grants for capital improvements:

- Capital improvements are defined as any improvements made directly to the building such as flooring, lighting, doors, windows, seating, and any other improvements to building infrastructure. **Capital improvement grants must include the following information, in addition to the information provided above:**
 - Written approval from Saint Louis County Depot Director. Saint Louis County may use its own contractors/vendors for capital improvements to the building. Bids from companies must be received within 90 days of any submitted grant application for your capital improvement project(s). Any conflicts of interest in vendor selection must be disclosed. Once approved, organizations will need to sign a Lien Waiver with the approved vendor and provide that document to the Depot Foundation. If a capital improvement grant is approved, all funds will be paid to the organization which requested the grant and not paid to the vendor directly.

Reporting:

- Final grant reports are due on or before July 31 of the following year or within 60 days of program/project completion. If your organization does not submit a final grant report within this period of time, you may be ineligible to apply for a grant in the next grant cycle. If requesting an extension, please contact the Depot Foundation office by July 15 or within 30 days of program/project completion.

Grant Reimbursements:

- The Depot Foundation will issue grant funds to organizations based on a reimbursement model. This means that as your grant expenses are incurred your organization will be required to submit receipts or purchase orders for the expenses related to your grants. For expenses that do not incur receipts, a copy of a cancelled check will suffice. Once receipts/purchase orders are received, organizations will receive a reimbursement for the amount of the receipts/purchase orders within 10 business days.
- The Depot Foundation recognizes the reimbursement model may be difficult for some organizations due to limited reserves which would impede cash flow. The Depot Foundation may provide an advancement of a portion of the awarded grant, with the acknowledgement from the organization that the appropriate documentation of the expense will be provided to the Depot Foundation.
